Your answer will include a synthesized sequential plan — shown as ★★ ★ **Best Biblical Strategic Plan**.

Pro Tips for Best Results

- **Be specific with topic:** “10 verses about financial stewardship” > “verses about money” — precision improves ranking.
- **Always include count for verses:** Say **5** or **10**. Omitting count defaults to 5.
- **For stories, tell your story:** “I am short, shamed but seeking like Zacchaeus” beats “Zacchaeus” alone.
- **Try the gallery:** You can filter and search all 260 scenarios and click any card to start — no typing needed.
- **Verify citations:** Every citation is verifiable at Wikisource: *The_Holy_Bible_(King_James_Version,_1769)*.
- **No mixing:** Verse prompts never return stories; story prompts never return random verses.
